

Lifetime Warranty on Post-Retreat Integration Support

At **The Huachuma Project**, we understand that the process of integration after your retreat is key to fully absorbing the experience and continuing your personal growth. We are committed to offering lifetime integration support to ensure you have the resources and guidance needed for your journey.

What Does Our Lifetime Warranty Include?

1. Direct Access to Austin Romero

- Please note that this is an exclusive offer; only I will provide this level of personal support. Other team members do not handle post-retreat integration matters.

2. Integration Document

- Upon confirming your booking, you will receive an **Integration Tips and Tricks document**. This is a comprehensive guide to help you prepare for the integration process before and after the retreat.
- A **single check-in** will take place after your retreat to ensure everything is on track. If you need additional support beyond this, you are responsible for reaching out to me to request further guidance.

3. Online Community

- You are welcome to join our **Facebook community** of past participants and facilitators for peer support and shared experiences. If you would like to be added to this group, please let us know, and we will arrange that for you. This is an excellent space for staying connected with others on a similar path.
