

THE HUACHUMA PROJECT

www.TheHuachumaProject.com

Where is The Huachuma Project?

Located just **55 minutes from Faro Airport**, our retreat is easily accessible by public transport or car, yet feels a world away. Nestled in a **100-acre private valley**, we are completely off-grid, offering a truly remote and secure sanctuary where you can disconnect and focus on your journey.

Surrounded by **mountains** and near **crystal-clear blue waters**, the landscape provides the perfect balance of rugged wilderness and natural beauty. With **300 days of sunshine** a year, the Algarve is the ideal setting for renewal and transformation.

Secluded and free from the distractions of modern life, our location ensures complete privacy—there are **no neighbors**, just vast open spaces and nature as far as the eye can see. For the safety and confidentiality of our guests, **exact location details are shared only with those who are pre-booked.**

Experience the perfect blend of accessibility and seclusion in one of the most beautiful, sun-kissed regions of Europe.
